

'Be The Best You Can Be' **Machanhill Primary School** **& Nursery Class**

Our Improvement Plan for 2019-2020

Every year we work hard as a staff to improve our school to make it the best it can be. We ask everyone for their ideas about what we can do to improve.

Here are the things we are going to work on this year to make learning and teaching the best it can be.

Literacy – Continue to develop the use of stories in all areas of the Nursery and increase the use of our story corner.

Numeracy – Fully implement Numicon approach and resources in Numeracy based activities including numbers beyond 10. Introduce home learning activities too.

Continue to develop our outdoor learning, embed the Wellbeing Indicators and regularly record pupil feedback to influence nursery improvement.

Our values

Happiness, Achievement, Respect, Knowledge
